AWS Simple Monthly Calculator

In this online activity, you will estimate the monthly cost of AWS virtual machines.

Open a web browser and go to the AWS Simple Monthly Calculator at https://calculator.s3.amazonaws.com/index.html.

1) From the left side of the web page, ensure that **Amazon EC2** is selected.

2) From the Compute: Amazon EC2 Instances menu, select the **green icon** to Add New Row.

3) In the description field, enter TESTSERVER.

4) In the Instances field, enter 4.

5) In the Usage field, enter 10 and then select **Hours/Week** from the pull-down menu.

6) Observe the current Monthly Cost estimate.

7) In the Type field, select the **gear-shaped icon**. Under Operating System, select **Windows**. Under Instance Type, select **C5 Large**. Choose **Close and Save** at the bottom of the window.

8) Select the **green icon** to Add New Row.

9) In the description field, enter LABSERVER.

10) In the Instances field, enter 4.

11) In the Usage field, enter 10 and then select **Hours/Week** from the pull-down menu.

12) In the Type field, select the **gear-shaped icon**. Under Operating System, ensure **Linux** is selected. Under Instance Type, select **C5 Large**. Choose **Close and Save** at the bottom of the window.

13) Scroll to the top of the interface and select the "**Estimate of your Monthly Bill**" to display the cost estimate for your virtual machine selections.

14) Close the AWS Simple Monthly Calculator web page.

AWS Simple Monthly Calculator

In this online activity, you will estimate the monthly cost of AWS storage.

Open a web browser and go to the AWS Simple Monthly Calculator at https://calculator.s3.amazonaws.com/index.html.

1) From the left side of the web page, select **Amazon S3**.

2) Under Choose region, select **US West (Oregon)**.

3) Under S3 Standard Storage & Requests, set storage at **200 GB**.

4) Under S3 Standard—Infrequent Access (S3 Standard-IA) Storage & Requests, set storage at **300 GB**.

5) Under Amazon S3 Glacier (S3 Glacier), Storage, select **10 TB**.

6) Scroll to the bottom of the interface, and then under Cross Region Replication, Destination Region, select **US East (N. Virginia)**.

7) Scroll to the top of the interface and select the "**Estimate of your Monthly Bill**" tab to display the cost estimate for your storage choices.

8) Select the "**Services**" tab.
